

# A PEOPLE'S HISTORY OF MODERN EUROPE

From the monarchical terror of the Middle Ages to the mangled Europe of the 21st century, *A People's History of Modern Europe* tracks the history of the continent through the deeds of those whom mainstream history tries to forget.

**Join us for a conversation with author, William A. Pelz,

“This book is a splendid antidote to the many European histories dominated by kings, businessmen and generals. It should be on the shelves of both academics and activists . . . a lively and informative intellectual *tour de force*.”  
- Marcel van der Linden, International Institute of Social History (Amsterdam)
